Re: A National Broadband Plan For Our Future, GN Docket No. 09-51

Dear Ms. Dortch,

On December 4, 2009, Daniel Clancy, Cristin Frodella, Robert Tansley, Richard Whitt, and the undersigned of Google Inc. ("Google representatives") participated in a telephone conversation with Steve Midgley and Sharren Bates of the Federal Communications Commission's National Broadband Plan Task Force. The Google representatives discussed how to bring more content online for educational purposes, how to enhance computer-assisted learning, how the Internet could be used more effectively as a repository for student records, increasing the interoperability of student records, and online and distance learning initiatives.

Please do not hesitate to contact me with any questions regarding this submission.

Respectfully submitted,

A handwritten signature in cursive script that reads "Megan Anne Stull".
